

# Become a PetWash24 Owner

PetWash24 is different, its owners are different, they see the future and create it. PetWash24 was the first self service pet wash in Wake county NC, open 24/7, totally automated, and actually supporting disable American Veterans. Our Veteran support starts with you!

If you or a family member have served in any branch of the armed serves we can talk. PetWash24 is not a franchise, there are no fees, you will spend some money though. It does have merit, it can be leased, purchased, or acquired, it makes money and it's easy to duplicate.

WHO are the best owners? A Disabled Veteran with a family owned business. The pet wash pays the operating expenses and facility expense of the family business with little or no effort on their part. With that out of the way, all-hands-on-deck can concentrate on making money. Petwash24 is like having a sugar daddy or rich uncle in the family!
